No. 4172 A.1/50 dated 28-7-1950.

Sir,

Sub: Fisheries - South Kanara district - Karakal fish farm - Ramasumudram tank - construction of an outlet - estimate - sanction of.

The Deputy Director of Fisheries(s) reports that a proper outlet to the Ramasamudram tank in Karakal South Kanara district is necessary in order to prevent a large scale escape of fish from the tank during the rainy season. He also states that during the previous monsoons there had been migration of Gourami from the tank and that this may occur again if the outlet is not constructed. A plan and estimate for Rs. 2500 for the work are enclosed.

2. I request that sanction of Government may kindly be obtained for the construction of the outlet at a cost not exceeding a sum of Rs. 2500/- and the estimate with date sheet and the plan of the work returned to this office.

3. The expenditure will be met from the provision under "43 e Industries - Fisheries - "S" post war reconstruction - Rural Fishery Demonstration - other charges - P.C.R."

Sir,

Subject: Fisheries - South Kanara District - Karakal fish farm - Ramasamudram tank- Construction of an outlet -
Ref: Government memo. No. 75711 F/50-1 dated 11-8-50.

.....

The Particulars called for in the above scheme are furnished below:-

(1) Ramasamudram tank was taken over by the Department on 10-3-1945 as per G.O.Ms.No.2107 Development dated 15-9-1944.

(2) A total quantity of 3091 3/4 lbs. of fish was caught and an amount of Rs.1141-9-3 was realised by the sale of the above fish since the tank was taken over. As there was no outlet for the tank so far, large number of fish fingerlings could not be stocked, and during the rainy season, shutters were washed away and many valuable fishes escaped from the tank. The quantity of fish produced and revenue realised would have been much more if there was a bund with sluice gates at the outlet as proposed now.

(3) Irrigational interest will not be affected by the proposal in question as no water is being removed from the outlet for irrigation purpose.

(4) The work will be carried out by the Department as the extimate for the proposed construction of the outlet is only Rs.2500/-.

Issued as Memo 75771 F/50-1 dated 11-8-50
From the D.F 4172 AI/50 dated 27.10.50

To A.S.

Please see the letters from the D.F at pp 1 C.F and pp. 19 C.F. The D.F has proposed the construction of an outlet to the Ramasamudram tank in South Kanara Dt. at a cost of Rs 2,500

2) The Ramasamudram tank was taken over by the Fisheries Dept. on 10.3.45. Since the tank was taken over a total quantity of 3091 3/4 lbs of fish was caught and a sum of Rs 1141-9-3 was realised by the sale of fish. The D.F has stated that as there was no outlet for the tank so far large number of fingerlings could not be stocked and during the rainy season, the shutters were washed away and many valuable fishes escaped from the tank. The D.F considers that the quantity of fish produced and the revenue realised could be much more if there was a bund with sluice gates as proposed by him.

3) The estimates and the plan of work are at pp 3-15 C.F. The work will be carried out by the Department. The D.F proposed to meet the expenditure from the provision under "Le 3. Industries and Supplies - e. Fisheries - (2). Postwar Reconstruction - (i) Rural Fishery Demonstration."

4) For orders, whether the proposal of the D.F will be agreed to in this Dept. Subject to orders, a draft order is submitted for approval. Finance may see for acceptance
